

§ 170.315(b)(3) Electronic prescribing

<p>Measure Description: Prescription-related electronic transaction: Create, Change, Cancel, Renew, Fill Status, Medication History including Status, Errors and Verification.</p>	<p>Justification: We chose to concentrate on the aspects of this criterion that would: Provide a numeric value to indicate both how often this interoperability feature is being used as well as its compliance to the requirement. An increment to this measure indicates that Empower can create a NewRx SCRIPT electronic prescription message and transmit it to a pharmacy via Surescripts Network. This use case will also show successful integration with our ePrescribing partner DoseSpot and through its completion will reveal compliance to the associated criteria listed above.</p>	<p>Associated Certification Criteria:</p>	
<p>Metric Description: Report the % of all successful prescriptions sent over a (3) month period Report the % transmission rate for these same time period These rates will be used as a baseline for future testing criteria</p>		<p>Standards Implemented: NCPDP SCRIPT Standard, Implementation Guide, Version 2017071 RxNorm, September 8, 2015 Full Release Update</p>	
<p>Developer Info: Empower Systems 1200 Harger Road, Suite 408 Oak Brook, IL 60523 (305)766-3245</p> <p>Care Setting: Inpatient</p> <p>Testing URL: testing/</p>	<p>Product Info: Empower Inpatient+Ambulatory Version: 1.1.57 CHPL ID: 15.04.04.2918.Empo.01.00.1.181001</p> <p>Real World https://www.empower.md/real-world-testing/</p>	<p>Methods Use to Demonstrate Interoperability: Reports and audit logs Including Automated Measure (315.g.2)</p>	

Test Step:	Testing Procedure:	Expected Outcomes:	Key Milestones/Dates:	Comment(s)
